

# Covid 19 - Scrummi Towel Best Practice

## 1. Follow Industry\* and Government Advice

- *Scrummi towels mean a clean, hygienic towel for each client.*
- *No cross contamination and zero bacteria concerns.*
- *Reduces water and electricity usage = better for the environment.*
- *Explain to your staff and clients why you have chosen Scrummi.*

**\*disposable towels are recommended by National Hair and Beauty Federation in the UK to ensure maximum hygiene.**

## 2. Correct Use of Scrummi Towels

- *Store your towels in a clean, dry environment.*
- *Keep the towels in their carton until the day of use.*
- *Do not return unused towels to the carton.*
- *At the end of the day, dispose of any towels which have been removed from the carton. Do not leave exposed in an open atmosphere or return to their carton.*

**Watch our 'How to use a Scrummi' video online at [scrummi.com](https://www.scrummi.com)**

## 3. Disposal

- *After use, immediately dispose of the wet, used towels into a bag lined, closed bin.*
- *Do not re-use the towel on another client or for a secondary purpose (cleaning etc.)*
- *Do not touch the towels after they have been placed in the bin.*
- *When the bin bag is full, tie shut and dispose of with usual salon waste.*
